

AIRROW PRO

Multi Use Duster / Dryer

Introducing XPOWER's newest addition, the Airrow Pro A-2 Multi Use Blower. A super lightweight and compact air blower that includes 8 air flow nozzles for endless applications. More than just a replacement to canned air dusters, the XPOWER Airrow Pro provides you the power and flexibility to dust, pump air, and dry a variety of surfaces. Unleash over 500 Watts of power to blast away dust from window blinds, keyboards and electronics, underneath appliances, and so much more.

Break Free of Canned Air Dusters

Powered only by electricity, the Airrow Pro is free of dangerous fluorocarbons and other deadly inhalants/propellants.
